

HMRAV Southern Classic 2002

Winton Raceway

19th and 20th October

Competition Results

This year was the first time Period 5 (AKA “the Forgotten Era”) competed at the Southern Classic. While there were too few bikes to create a constituted class and are not represented in the results, the performance of the riders and machines was outstanding.

Of note was Stuart Loly who won every race in which he competed. We can be sure of exciting racing in the future as this class grows.
